

To Tanya
Owner of Blingworks,

I would like to congratulate you on the top quality product Blingworks produced for us here at Slender by Design.

The uniforms that you have 'Blinged' for us with our logo, look and present magnificently and have lifted our business profile to a whole new level. We attend many Hair and Beauty Expos across Australia and we rely on the professionalism and presentation of our staff to get the customers attention, your product makes it so much easier as we certainly stand out from the crowd and our customers comment that they remember our name after seeing it in Bling.

We marvel at the quality of your product with some of our shirts now 6 months old, and even with constant cleaning they have lost none of their crystals and still look brand new.

We have no hesitation in promoting and recommending Blingworks products to businesses that want to stand out and wish to achieve the same 'Wow' factor that we are getting from your product.

From all of us here at Slender by Design, thank you and we look forward to a long business relationship with Blingworks.

Best Wishes

Lyn Stephens
